PREMIUMS IN BOYS AND GIRLS CLUB WORK
1928

A "Certificate of Achievement" will be given by the Agricultural College Extension Service of the University of Nebraska, to each active member of a Boys and Girls Club who completes his project and files a satisfactory final report.

An "Award of Appreciation" will be presented to each Club Leader, and Assistant Club Leader, finishing his Club as an Achievement Club.

To compete for prizes enumerated in this circular the club member must be an active member, enrolled in a Boys and Girls 4-H Club under the supervision of the Agricultural Extension Service of the University of Nebraska and in addition to filing final report, must submit a story of his or her club activities and have taken part in judging and demonstration work within their own club.

Final reports must be in the office of the State Club Leader by September 10th to compete for National Dairy trip; by October 15th to compete for Chicago trips; and must be in by December 1st to compete for other prizes enumerated in this circular.

Each member should see that his final report is in the hands of the local leader as soon as the club work is completed. The leader should forward these to the County Extension Agent as early as possible. The County Extension Agent should see that winners' reports from his county are all collected and filed in the State Office to have every member eligible to compete for prizes.

If a club member wins more than one prize trip or scholarship, offered in this circular, he or she will be given choice, and then the other prizes will be passed to the next ranking individuals in the project. In case of a tie between counties, the award will be given to the county with the higher percentage of completion of club members.

In selecting state winners, a committee will pass upon the record submitted from the counties. The same methods are recommended for selection of club and county champions. If the club member's record and story does not carry complete information as to the club member's activities, this information should be added by Agent or Leader.
